1. FACULTY DEVELOPMENT PROGRAM

Introduction

The Faculty Development Program (FDP) is designed for nursing teachers and researchers working/ studying at Akal college of Nursing, Eternal University, intended to build up a competent environment of teaching-learning and to inculcate a new learning culture. Altogether the FDP contributes and develop a community of learners through different methods to the organizational efficiency.

Objectives and purpose

The major focus of the FDP is on upgrading the teaching, training, and research skills of nursing teachers—especially those teachers acquaint and utilize themselves with recent developments in teaching and research methods. The programme enables participants to develop competence in general and advanced nursing education as well as in nursing research and pedagogy. And also aims at equipping teachers with skills and knowledge that are essential for inculcating entrepreneurial values in students and guiding and monitoring their progress towards entrepreneurial career.

Methods and approaches

The FDP relies on a variety of learning settings like classrooms, workshops and seminar, and a participatory approach to learning. There is an emphasis on the case method of teaching and learning. Other educational methods such as flipped-class rooms, group discussions, panel discussions, lectures, small group exercises, management games and presentations are also used. Computers, statistical kits and audio-visual aids complement these methods. Participants are also encouraged to develop insights into curriculum planning and academic administration.

Schedule

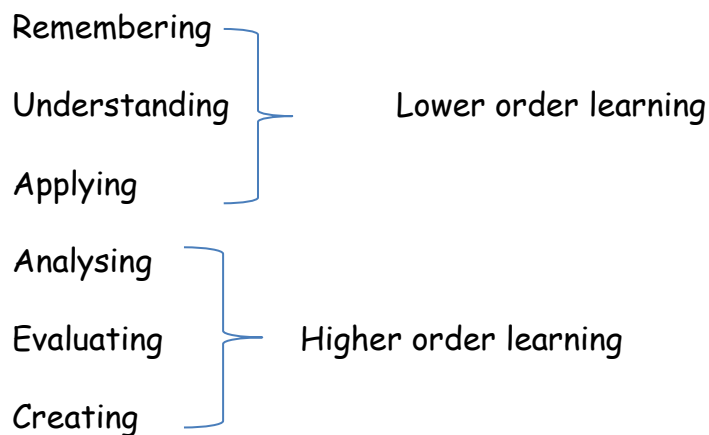

The FDP is scheduled on every Wednesdays in which a topic selected by the faculty, approved by the principal will be presented by the utilization of different pedagogical approaches.

2. PEDAGOGICAL INITIATIVES:

- ✚ Flipped-class room
