

AKAL COLLEGE OF NURSING
ETERNAL UNIVERSITY, BARU SAHIB, SIRMOUR (HP)
LIST OF THE DISSERTATION- M.SC.(NURSING)- 2016-18

Sl. No.	Reg. No.	Name of student	Specialty	Statement of problem	Research objectives	Guide Name
1.	BS-16-MHNS-001	GeetaVerma	Medical Surgical Nursing (Critical Care Nursing)	An exploratory study on tobacco use among adults in selected villages of Dist. Sirmour (HP)	1. To determine the prevalence, pattern and attitude towards tobacco use. 2. To identify the awareness regarding ill effects of tobacco use. 3. To find association between attitude and awareness regarding ill effects of tobacco use with selected socio demographic profile.	Mrs.Jansi K.
2.	BS-16-MHNS-002	Jyoti Sharma	Obstetrical and Gynaecological Nursing	A study to assess the effectiveness of birthing ball technique on labour pain and selected fetomaternal parameters of the latency phase of first stage of labour among primi gravida mothers in Kamla Nehru hospital District Shimla H.P	1. To assess the level of labour pain among experimental and control group. 2. To compare selected feto-maternal parameters between experimental and control group.	Dr.LekhaViswanath
3.	BS-16-MHNS-005	KavitaVerma	Child Health Nursing	A Mixed method research on stress among mothers of children admitted in Pediatric Intensive Care Unit of Indira Gandhi Medical College & Hospital, district Shimla (Himachal Pradesh).	1. To assess stress among mothers of children admitted in PICU of Indira Gandhi Medical College & Hospital, district Shimla. 2. To find the association of stress with selected demographic variables. 3. To explore the experience of stress among mothers of children admitted in PICU of Indira Gandhi Medical College & Hospital, district Shimla.	Mrs.Susheela

4.	BS-16-MHNS-006	Kiran	Child Health Nursing	A study to evaluate the effect of coconut oil massage on weight gain among low birth weight term babies admitted in Special Newborn Care Unit of IGMCH, Shimla (H.P).	<ol style="list-style-type: none"> 1. To assess the pre-test weight among low birth weight term infants in experimental and control group. 2. To compare the pre-test and post-test weight among experimental group. 3. To compare weight gain between experimental and control group. 4. To associate weight gain with their selected socio-demographic variables. 	Mrs. Susheela
5.	BS-16-MHNS-007	Monika Thakur	Medical Surgical Nursing (Critical Care Nursing)	A descriptive study on risk factors and knowledge regarding Cholelithiasis among adults residing in selected areas of district Sirmour, H.P	<ol style="list-style-type: none"> 1. To find out the risk factors of Cholelithiasis among adults 2. To assess the knowledge regarding Cholelithiasis 3. To determine the association between the risk factors of Cholelithiasis with selected sociodemographic variables. 4. To determine the association between the knowledge scores of adults regarding Cholelithiasis with selected socio-demographic variables. 	Mrs. Rose Mary G
6.	BS-16-MHNS-008	Monika Thakur	Child Health Nursing	A quasi experimental study to assess the effectiveness of video assisted teaching programme on knowledge regarding prevention and first aid management of selected home accidents among mothers of under five children residing in selected villages of district Sirmour-H.P	<ol style="list-style-type: none"> 1. To assess the pre-test level of knowledge among mothers of under five children regarding prevention and first aid management of home accidents among experimental and control group. 2. To assess the post-test level of knowledge among mothers of under five children regarding prevention and first aid management of home accidents among experimental and control group. 3. To evaluate the effectiveness of video 	Mrs. Susheela

					assisted teaching programme on knowledge regarding prevention and first aid management of home accidents.	
7.	BS-16-MHNS-009	Navjeet Kaur Mann	Medical Surgical Nursing (Oncology Nursing)	A study on effectiveness of selective music therapy on pain level among cancer patients admitted in regional cancer hospital IGMCH, Shimla, Himachal Pradesh.	<ol style="list-style-type: none"> 1. To assess the pretest level of knowledge among mothers of under five children regarding prevention and first aid management of selected home accidents among experimental and control group. 2. To assess the posttest level of knowledge among mothers of under five children regarding prevention and first aid management of selected home accidents among experimental and control group. 3. To evaluate the effectiveness of video assisted teaching programme on knowledge regarding prevention and first aid management of selected home accidents. 	Mrs. Jansi K.
8.	BS-16-MHNS-010	Nitasha Sharma	Medical Surgical Nursing (Oncology Nursing)	A quasi experimental study to assess the effect of Valsalva maneuver prior to intravenous cannulation on pain perception among cancer patients undergoing peripheral venous cannulation at Regional Cancer Hospital Shimla.	<ol style="list-style-type: none"> 1. To assess the level of pain during intravenous cannulation among the experimental group. 2. To assess the level of pain during intravenous cannulation among the control group. 3. To compare the level of pain during intravenous cannulation between the experimental and control group. 4. To find out the association of the level of pain during intravenous cannulation between experimental and control group with selected demographic variables. 	Mrs. Rose Mary G
9.	BS-16-MHNS-	Palvi	Medical Surgical	A study to assess prevalence and associated	<ol style="list-style-type: none"> 1. To assess the prevalence of hypertension among adult in selected rural areas of 	Mrs. Jansi K.

	011		Nursing (Critical care nursing)	risk factors of hypertension among adult in selected rural areas of district Sirmour (Himachal Pradesh)	<p>district Sirmour (Himachal Pradesh).</p> <p>2. To determine the risk factors of hypertension among adult in selected rural areas of district Sirmour (Himachal Pradesh).</p> <p>3. To find out the association between prevalence and risk factor with selected socio-demographical variables</p>	
10.	BS-16-MHNS-012	Priyanka Devi	Child Health Nursing	A study to assess the prevalence and risk factors of malnutrition among under five children residing in selected rural areas of district Sirmour (Himachal Pradesh).	<p>1. To find out the prevalence of malnutrition among under five children residing in selected rural areas of district Sirmour (Himachal Pradesh).</p> <p>2. To identify the risk factors of malnutrition among under five children residing in selected rural areas of district Sirmour (Himachal Pradesh).</p>	Mrs.Susheela
11.	BS-16-MHNS-014	Savitakumari	Medical Surgical Nursing (Critical Care Nursing)	A study to assess the prevalence and risk factors of diabetes mellitus among adults residing in selected areas of district Sirmour (Himachal Pradesh).	<p>1. To assess the prevalence of diabetes mellitus among adults residing in selected areas of district Sirmour (Himachal Pradesh).</p> <p>2. To identify the risk factors of diabetes mellitus among adults residing in selected areas of district Sirmour (Himachal Pradesh).</p> <p>3. To find out association between prevalence of diabetes mellitus with selected socio-demographic variables.</p>	Mrs. Rose Mary G
12.	BS-16-MHNS-015	Shashi	Obstetrical and Gynaecological Nursing	Effect of audio assisted relaxation therapy on the level of blood pressure among mothers with pregnancy induced	<p>1. To identify the immediate effect of audio assisted relaxation therapy on the level of blood pressure among mothers with pregnancy induced hypertension.</p> <p>2. To compare the pre-test and post-test level</p>	Dr.LekhaViswanath

				hypertension.	of blood pressure among mothers with pregnancy induced hypertension.	
13.	BS-16-MHNS-016	Sukhwinder Kaur	Medical Surgical Nursing (Oncology Nursing)	A comparative study on effectiveness of warm turmeric mouth wash v/s warm saline mouthwash on oral mucositis among cancer patients receiving both chemotherapy and radiation therapy in Regional cancer Hospital IGMCH, Shimla (H.P).	<ol style="list-style-type: none"> 1. To administer warm turmeric mouth wash to group one and warm saline mouthwash to group two. 2. To compare the oral mucositis score between both groups after intervention. 3. To find out the post test score association with selected demographic variables. 	Mrs.Jansi K.
14.	BS-16-MHNS-017	Surya Rashmi	Obstetrical and Gynaecological Nursing	A descriptive study on the self care practice, knowledge and problems among the antenatal mothers with anemia admitted in Kamala Nehru Hospital Distt, Shimla H.P -An application of Oremstheory of self-care mother.	<ol style="list-style-type: none"> 1. To assess the knowledge among antenatal mothers with anemia. 2. To identify the self-care practice among antenatal mothers with anemia. 3. To identify the problem among antenatal mothers with anemia. 4. To find out the relationship between the knowledge and self-care practice, 5. To find out the association between the knowledge and selected demographic variable. 6. To find out the association between the Self-carepractice and selected demographic variable. 7. Prepare a self care guide for antenatal mothers with anaemia. 	Dr.LekhaViswanath
15.	BS-16-MHNS-018	Tamanna Chauhan	Medical Surgical Nursing (Oncology)	A pre-experimental study to assess the effectiveness of hot water foot immersion therapy on level	<ol style="list-style-type: none"> 1. To assess the level of fatigue of the patient before hot water foot immersion therapy. 2. To evaluate the effectiveness of hot water foot immersion therapy on fatigue among 	Mrs. Rose Mary G

			Nursing)	of fatigue among advance stage cancer patients admitted in IGMC & hospital Shimla.	experimental group.	
16.	BS-16-MHNS-019	Vidhi Paul	Child Health Nursing	An exploratory study to assess the impact of mobile phone use on adolescents studying in selected schools of dist. Solan, H. P.	<ol style="list-style-type: none"> 1. To assess the pattern of mobile phone use among adolescents studying in selected schools of dist. Solan, H. P. 2. To explore the impact of mobile phone use among adolescents. 3. To associate the findings with the selected demographic variables. 4. To co relate the findings with the selected variables. 5. To assess the perception of parents regarding mobile phone use by their children. 	Mrs.Susheela
17.	BS-16-MHNS-020	Yanjanan Thakur	Medical Surgical Nursing (Critical Care Nursing)	A pre experimental study on effectiveness of health education programme on knowledge and attitude regarding organ donation among adults residing in selected areas of district Sirmour (H.P) .	<ol style="list-style-type: none"> 1. To determine the pretest knowledge and attitude regarding organ donation among adults which is measured by using self structured questionnaire. 2. To evaluate the post test knowledge and attitude regarding organ donation among adults using same self structured questionnaire. 3. To compare the pre and post test knowledge and attitude regarding organ donation among adults. 4. To find association between the pretest and post test knowledge & attitude regarding organ donation with selected socio demographic variables. 	Mrs.Jansi K.
